PROGRESSIVE MILESTONE — Joe Patencio, member of the Agua Caliente Tribe watches with interest as James B. Ring, area director for the Bureau of Indian Affairs (center) and Mayor Charles Farrell complete final arrangements for the mile-long right-of-way deed by the Indians of the City of Palm Springs for the widening of Indian avenue. (Photo by Proctor).

Indian Avenue Project to Start in Few Weeks

Value of City Increases to \$27,846,593

Burchfield Reveals Gain of \$1,164,713 Here in Last Year

Property values in Palm Springs for 1951 total \$27,846,593, 533 Frank Burchfield, county assessor, reported Monday.

This represents an increase of \$1,164,713 over the assessed valuation in 1950 when the figures totalled \$26,681,880.

It also represents an accurate guess by City Manager Russell Rink who estimated last week that assessed values here would increase by \$1,200,000.

With public utility valuations still unreported, his estimate will be exceeded.

Ten years ago, in 1941, total assessed valuation of Palm Springs was \$6,627,540.

PALM SPRINGS gained in its position as second richest city in the county, the local gain exceeding the increase in Corona, third city in the county in assessed values.

For the typical home owner who has owned a home for the past few years and who has not acquired new property, the increase means good news.

For the county tax load will be spread over a broader base and if supervisors hold to the line in preventing budget increases, should bring a slightly lower total cost.

BURCHFIELD said the increase was eight per cent over last year.

It is an increase in the actual physical wealth of the county due to development of new subdivisions and construction of new homes and business buildings in the area.

Ten years ago, in 1941, the total assessed value of Palm Springs was \$6,627,540.

Total county values are now \$23,747,750. This figure does not include values of public utility property. These are assessed by the state board of equalization.

RIVERSIDE tops the county with a figure of \$59,761,360; Palm Springs is second; Corona third with \$13,289,090; Banning fourth with \$7,054,340 and Indio fifth with \$6,624,910.

On the basis of the broader tax base and a budget no higher than last year, the county tax rate is expected to drop 5 cents. The city tax rate, despite an increase in costs due to the new fire station established here and an increase in salary schedules is expected to remain unchanged.

CONNORS VACATION

John Arthur Connors, president of the Kiwanis Club plans to leave Palm Springs for his summer vacation Monday. He will visit beach and mountain resorts.

The Desert Sun Adds 2000 to its Circle of Readers Today

The Desert Sun, with this edition will reach into the homes of approximately 2,000 additional readers.

This increased circulation will "blanket" Desert Hot Springs, and from Morongo to Twenty-nine Palms tapping an entirely new market for advertisers in the Desert Sun.

A survey conducted by Frank Dwyer, circulation manager of the Desert Sun, indicated that merchants and residents in those areas are vitally interested in Palm Springs and consider themselves within the orbit of this resort area.

The upper desert, as it is called, is presently in the throes of one of its biggest building booms. Civic officials in the communities mentioned feel

1951 Building to Date Well Ahead of '50

Total for First Six Months, \$3,276,121; June Tops \$400,000

Fifty three building permits issued during June for a total value of \$409,693 raised the total for 1951 to date to \$3,276,121, more than three times greater than in the corresponding period of 1950. P. M. Swart, city building inspector, said Monday.

Between January 1, 1950, and June 30, that year, the total was \$1,008,300.

JUNE BUILDING this year was almost twice as high as that of June, last year.

As in every month for the past year or more, new homes topped the list in June. Of the 53 permits handed out, 28 had to do with dwellings. Eight new homes were started and 20 additions and alteration jobs on homes were begun. Total value of the eight new homes was \$191,470 and of the 20 additions and alterations, \$39,095.

Pools ranked second on the list with nine begun during the month at a total value of \$34,800.

ONE CHURCH, the Temple at the Jewish Center boosted the month's total by \$81,000.

Three apartment buildings with seven units were valued at \$29,000; one apartment addition at \$20,000; five hotel permits, one new and four for additions, added \$20,500.

Two commercial additions were listed in the month.

Swart said that July should see much building here judging from inquiries at the building office and plans submitted for inspection.

FOR THE 1950-51 fiscal year beginning July 1, 1950, and ending last Saturday, the total value of new construction here was \$6,367,852, Swart said. For the 1949-1950 fiscal year—from July 1, 1949, to June 30, 1950, the total was \$3,065,585.

Ingram Reveals Secret of Past

Fred Ingram, dignified manager of the Palm Springs Bank of America this week disclosed a hitherto unknown side of his life—he used to have a little "ham" in him as actors are wont to say about each other.

The "ham" part of Ingram's past came to the surface when he revealed that he helped to launch the gay nineties play "The Drunkard" which this week celebrated its 19th anniversary of continuous playing in Hollywood. Ingram was a dashing publicity man in those days.

Jury Finds Zinn Guilty in Drug Case

Lloyd Zinn, 38, accused of furnishing marijuana to two high school youths was found guilty by a jury late yesterday.

The two youths had testified in Judge O. K. Morton's superior court that while employed by Zinn at his filling station in Palm Springs, they were supplied with the narcotic weed at his apartment on March 8.

The case went to the jury at 11 a.m. and the verdict was brought in at 5 p.m. yesterday.

Zinn was convicted on a felony charge of furnishing the drug to two youths.

He will come up for sentence on July 23 at 2 p.m.

He has asked for probation.

Mohawk Hair Cut Arrives in Town

The "Mohawk" hair-do has come to town.

It's going to make the old-style crew-cut run for the tall timber.

At least, it should be cool.

Gerry Dunlap had the first one. He had an admiring trail of boys with him.

Post Office Receipts Far Ahead of '50

R. M. Gorham, Palm Springs postmaster, added new evidence yesterday that the Village is gaining in business steadily and that the past winter season was far ahead of the previous season.

Post office receipts for the first six months this year were \$7,016,288 ahead of the corresponding six months in 1950, he reported.

The total for the first half of 1950 was \$76,255.35 and for the first half of 1951, \$83,271.63.

He reported the comparison by quarters as follows:

	1950	1951
First	\$48,195.39	\$53,156.90
Second	28,059.96	30,114.73

Total \$76,255.35 \$83,271.63

Village Takes on Mid-Season Look Though it's July

There was no special occasion for people to celebrate last weekend.

All that Palm Springs residents had been boasting about for sometime was: "Isn't the weather delightful and the nights just gorgeous."

BUT SOMEHOW, either telepathically or by word of mouth and letter writing, the town was jammed. Jammed to the proverbial rafters with every available room at hotels that are open occupied and night spots and restaurants crowded with hungry and merry making visitors.

Irvin Schuman, owner of the Chi Chi reported that business was exceptionally good and Vice

The PUBLISHER'S Corner

(This week Charles McGann, local representative of the Southern Pacific Railroad and member of the advertising and publicity committee of the Chamber of Commerce takes over the Publisher's Corner in the absence of the publisher who is on vacation. In his article he discusses another valuable source of promotion for Palm Springs.)

BY CHARLES MCGANN

Those of us who are fortunate enough to live and work in Palm Springs unanimously agree that the Village is a wonderful place. The clear desert air, the charm of a resort town and the friendliness of the people all combine to make this one of the most pleasant places to live, work and play.

Since Palm Springs was first offered to the tourists as a winter playground, some thirty odd years ago, Southern Pacific railroad has played its part in the development of this area by large scale advertising campaigns to bring "The Palm Springs Story" to the vast population in the East and Northwest. It was approximately 25 years ago, through the joint efforts of several civic leaders of the Village, that a depot was built and christened Palm Springs station, passengers formerly en-trained at Whitewater. This was a great step forward in placing Palm Springs before the thousands of travel and transportation people through the nation as well as a greater convenience for the traveler.

A tremendous amount of money has been spent by the Southern Pacific railroad in advertising Palm Springs in major national magazines, such as Holiday, Time, Newsweek, Sunset, Saturday Evening Post, National Geographic, Better Homes and Gardens and The Atlantic. In the past three years, a total of \$423,345.61 has been spent in advertising Palm Springs throughout America and has reached a total of 99,055,319 prospective visitors. From 1947 to 1951, Southern Pacific spent \$19,607.88 in telling the Palm Springs Story through 12 of its monthly insertions in Sunset, Stanford Alumni Review and California Monthly, reaching some 5,746,599 top West Coast and local California prospects. Since the war, Southern Pacific has printed and distributed over 95,000 travel folders which were devoted exclusively to Palm Springs in addition to thousands of folders mentioning Palm Springs, which were distributed to travel bureaus and travel agents and tell a glowing story about the Village and its many attractions. Through the past years, a vast force of ticket agents, Eastern representatives and solicitation forces in the major cities of America have been supplied with such folders, booklets and

RIPLE RITES TOMORROW FOR ACCIDENT VICTIMS

Rosary will be said tonight at 8 o'clock at Wiefels Chapel for three Villagers who lost their lives in a vacation trip accident with solemn Requiem Mass tomorrow 9 a.m. at Our Lady of Solitude Catholic church.

Bodies of the three victims of the accident were brought back to Palm Springs yesterday.

THE TRAGEDY which took the lives of three members of the LaFrance family occurred Monday 17 miles east of Holbrook when a new automobile in which they were traveling east collided with a Greyhound bus.

Killed instantly were Cyprien LaFrance, 58, and his daughter, Antonette Loraine. His wife, Everose LaFrance died in the hospital the next day.

FATHERS from Our Lady of Solitude and St. Theresa churches will conduct the Requiem Mass Saturday morning.

Interment will be at Palm Springs Cemetery with military honors in charge of Owen B. Coffman post, 519, American Legion.

LaFrance was a charter member of New Bedford, Mass., American Legion Post No. 1. Mrs. LaFrance was a member of the Owen B. Coffman post Auxiliary.

LAFRANCE recently sold his grocery store at Lake Arrowhead and with his wife and daughter, was enroute to New Bedford, Mass., in the automobile they had just purchased.

Mrs. LaFrance was going east to close a business deal in which she had sold property in the New England city.

She was employed at the Palm Springs Hardware and Department store while he was a baker by trade during the season and operated the store he had just sold, at Lake Arrowhead in the summer.

The daughter was a graduate from Palm Springs high school last May. She was engaged to marry Francis Shipley, now with the military forces in Korea, upon his return from overseas.

TWO SONS did not go east with the family. They are Gene, employed at Riverside, and Louis, employed in Los Angeles.

The bus carried 40 passengers and the driver, Roy Bresler, was credited with preventing a heavier loss of life when he kept the bus upright although it veered into a ditch after the crash.

The LaFrance family left on their ill-fated journey last Saturday afternoon.

Wounded Man, Recovered, Ask Aid in Retrieiving Cash

Michael Trotta, 24, first thought fatally wounded in the accidental discharge of a pistol at his home June 13, fooled them all. He is out and around again and he has a request to make.

He was packing for a vacation trip to Lake Tahoe when the pistol was placed in his bag and he struck a drawer handle. It was discharged, the bullet entering his right leg and coursing upward into his abdomen.

In his pain, he grabbed his wounded leg and staggered into the street where a passing woman motorist stopped and rushed him to Community hospital.

But in his pain, he did not notice when currency to the value

Legion Launches Drive to Combat Red Infiltration

Owen B. Coffman post, American Legion, at its meeting Tuesday night enthusiastically endorsed an education program to combat communism and fellow travelers in the local area in conjunction with Legion posts throughout the nation.

Commander Graham Dexter told members of the post that the situation is grave and that it can no longer be neglected or ignored.

He said reports from Washington, D. C., from national Legion headquarters and from the FBI indicated that the infiltration of reds and others seeking to overthrow this government and democracy as a whole was at a dangerous point and that a determined opposition was necessary to save the nation.

He said reports from Washington, D. C., from national Legion headquarters and from the FBI indicated that the infiltration of reds and others seeking to overthrow this government and democracy as a whole was at a dangerous point and that a determined opposition was necessary to save the nation.

"We must battle communism and other like inroads over here just as today's American soldiers are battling them in Korea," he said.

Local veterans voted to back a campaign of education on Americanism and the American Way of Life.

"Let's educate the public on just what the American Way of Life is," said the commander. "Too many people take it for granted and think they can stand idly by and it will survive. It will not because those who would destroy it are not idle."

PURPOSE of the campaign is to educate the public on the underlying causes of the American system of government, the foundations of the liberties this country enjoys, said Dexter.

Legionnaires prepared for a vigorous campaign in this vicinity with speakers and other means of publicity "to explain Americanism and what it means."

It was agreed that the best method to battle communism is to let people know what it is in comparison to the American Way of Life.

Jury Finds Zinn Guilty in Drug Case

Lloyd Zinn, 38, accused of furnishing marijuana to two high school youths was found guilty by a jury late yesterday.

The two youths had testified in Judge O. K. Morton's superior court that while employed by Zinn at his filling station in Palm Springs, they were supplied with the narcotic weed at his apartment on March 8.

The case went to the jury at 11 a.m. and the verdict was brought in at 5 p.m. yesterday.

Zinn was convicted on a felony charge of furnishing the drug to two youths.

He will come up for sentence on July 23 at 2 p.m.

He has asked for probation.

Two Freeway Projects Next on County List

CY Committee Told of State Highway Commission Plans

Improvement of Highway 60—the road to Riverside from Beaumont—and Highway 99 north of Palm Springs, are the two chief projects on the state highway commissions' agenda, C. A. Washburn, mayor of Indio and chairman of the highway committee of the Coachella Valley Advisory Planning committee, reported at the meeting of the committee held at Coachella last Friday night.

Mayor Washburn reported on the recent meeting at Lake Arrowhead at which state highway commissioners James Guthrie of San Bernardino, Chester Warlow of Fresno and Harrison Baker of Pasadena were present.

WASHBURN said that the two major highway improvements heading the agenda, as presented by the Riverside and San Bernardino county chambers of commerce before the commissioners, were widening of Highway 99 to a four-lane road from Banning through to Indio and similar improvement to Highway 60 from Box Springs Junction through to Beaumont. Making a four-lane freeway out of Highway 60 from Beaumont to Box Springs would give Villagers another multiple-lane highway all the way to Los Angeles and make beach trips speedier and safer.

Resigns

Officer Ray King Seeks Other Post

Ray King, member of the Palm Springs police department for approximately four years resigned July 1, 1951.

In his letter of resignation to Chief of Police August Kettmann he stated that his experience with the department has been educational and no doubt aided him in obtaining more lucrative employment elsewhere "at almost double my salary with the police department."

Chief Kettmann reluctantly accepted the resignation, declaring at the same time that it takes a long time to indoctrinate a member of the department with the peculiar police problems which arise in a resort community such as Palm Springs.

Rainfall

Last Season Ahead of Previous Year

Rainfall season came to an end June 30 and at the fire station, where they have been keeping track of precipitation here for the past 16 years, they reported the total for the 1950-51 season as 3.27 inches.

Which, while not much, is almost three and a half times as much as in the previous season. During the 1949-50 rainfall season, less than an inch fell in the village. The total was .96 of an inch.

Wettest year on the record was the 1936-37 season when 13.69 inches of rain fell. Last wet years were those of 1924-25 and 1943-44 when more inches of rain fell here.

More than 800 war refugees are clustered in Taegu's Sung-dong Chingmuri Kwangjon camp for homeless Koreans.

LEATHERNECKS MEET—Officer Bob White, member of the Palm Springs Police station was amazed to meet a former private who fought under his command in the U. S. Marines during World War II. The only

difference is that former private Robert Morrison is now Captain Morrison, aviator. Pictured above are U. S. Marine Captain Hal Levin; Captain Morrison and Officer White, U. S. Marine reserve captain.—(Sun Photo.)

Dee Arakelian in L. A. Hospital

Dee Arakelian, Village home owner and central California rancher, is confined to Temple Hospital, Los Angeles, under stringent medical supervision.

While driving to Palm Springs from his ranch near Fresno, Arakelian, was stricken with a near fatal heart attack.

In a state of collapse he was driven to the Temple Hospital where physicians say he will have to remain for a month. Until today he was not permitted to use a telephone or receive guests. His wife and children who remained near the hospital until Thursday departed from central California. Mrs. Arakelian plans to visit her husband from time to time during his confinement.

Bank of America Total Resources Exceed 7 Billion

For the first time in the history of American banking a nongovernment bank has exceeded the \$7 billion mark in total resources.

At June 30, 1951, the total resources of the Bank of America N. T. & S. A. and its wholly-owned subsidiary the Bank of America-New York (International) stood at \$7,035,426,267. A year ago, Bank of America N. T. & S. A. resources were \$6,515,435,553.

Deposits of the Bank of America N. T. & S. A. at June 30, 1951 totaled a record high of \$6,316,231,730, an increase of \$396,873,779 over a year ago.

LOANS AND DISCOUNTS outstanding on June 30 aggregated \$3,399,059,010, a gain of \$142,105,452 in the half year. President L. M. Giannini stated that the bank was cooperating in the government's voluntary credit restraint program and was placing accent on lending activity directed toward increasing production in furtherance of the defense effort.

The full total of capital funds and unallocated reserves for possible loan losses to which allocation is customarily made at the end of the year, now amounts \$453,628,319.

NOTWITHSTANDING increased interest paid by the bank on savings, and higher taxes and costs of operations, net profit for the half year was \$32,389,690, or \$1.35 per share on the 24,000,000 shares outstanding, only slightly less than for the first half of 1950, when \$33,776,190, or \$1.41 per share on a comparable number of shares, was earned. Out of this year's semiannual net profits, dividends amounting to \$19,200,000 were paid for the half year at the annual rate of \$1.60 per share, compared with \$14,333,273 paid for the first half of 1950.

This new growth of the bank was attributed by Giannini to continuing public acceptance of Bank of America services and its policy to foster and keep pace with the growth of California in population and economic values.

Telephones

They Suffer When Truck Snaps Pole

Telephone service was interrupted for a short time in the south eastern section of the city when a fruit truck driven by James Alonso Kenley of Santa Ana, backed into a telephone pole at Ramon road and Indian avenue, snapping it in two and breaking wires.

Kenley, who was stopped by Officer Jim Clarkson while proceeding up Palm Canyon drive, said his brakes had slipped while he was standing taking

Honor Bestowed on Col. Jennings, Missing in Action

Major General Emmett O'Donnell flew to March Air Force Base of which he is commander direct from an interview with Gen. Douglas MacArthur last Saturday to bestow upon Mrs. Eleanor Jennings, 262 Crestview drive, the Legion of Merit awarded her husband, Col. Payne Jennings, who was reported missing in action April 8 after a combat flight over North Korea.

The award Saturday was another of the many medals and high honors awarded the colonel.

A SENIOR PILOT and an honorary member of Chinese Air Force, the March Field colonel has 5700 hours flying time behind him—351 combat hours in World War II. During his 37 months of overseas active duty during that war he served in the European—Mediterranean, the South Pacific and the China-Burma-India theaters.

After World War II, Col. Jennings was deputy commander of the air task group for Operation Sandstone and also participated in Operations Crossroad and Bakini.

MADE commanding officer of the 22nd Bomb Group at Smokey Hill AFB, Kansas, on July 7, 1948, Colonel Jennings came to MAFB on May 10, 1949, and became director of operations for the 22nd Bomb Wing there.

Colonel Jennings was commanding officer of the 19th Bomb Group on Okinawa when he was reported missing. He went to the Far East last July.

MRS. JENNINGS and her two children, Diane, 8, and a son, Shaw, 4, are at their Crestview home here.

She plans to leave with her family for Michigan to visit her relatives there this summer, returning in the fall.

Investigate Theft At Garrison Home

One of the rear doors at the Guy O. Garrison home, 2777 Girasol avenue, was jimmied open and several articles of value stolen according to report to police.

An investigation is under way.

a drink of water.

He said he was on his way to the police station to notify them of the accident when stopped. He was not cited.

Policeman Back In The Pink Again — Says He's The "Kilroy of Old"

HADACOL Relieves Lack of Energy When Due to a Lack of Vitamins B₁, B₂, Niacin and Iron

It takes a good man, a man that's really up and at 'em, to help keep an eye on one of the world's largest office buildings. So when Jimmy Kilroy, 1153 Belden Ave., Chicago, Ill., found himself below par . . . in a sluggish rundown condition . . . he turned to today's great HADACOL. He'd heard how this wonderful formula corrected the real cause of such troubles when due to a lack of Vitamins B₁, B₂, Niacin and Iron. As a result, he's back in shape again, loaded with energy and enthusiasm.

Here's what Mr. Kilroy has to say: "A few lines to tell you the great things your HADACOL has done for me. As a prize fighter and now as policeman assigned to one of the world's largest office buildings, I have always had to be in the best of shape. A month ago I found I was in a rundown condition, lacking energy, always tired and sluggish. And a young man one day said at one time he was the same. Advised me to buy a bottle of HADACOL, which I did. After two bottles, started feeling like myself and from there on I got new energy. Have been working in the gym 1 hour daily and everyone tells me how great I look and act. It really is a great product and I will always keep taking it. I feel like the Kilroy of old."

There's just no doubting an honest, sincere statement like that. Surely there is no need to be a burden to yourself, to your friends, or to your family, if you are suffering from such troubles due to a lack of Vitamins B₁, B₂, Niacin and Iron. HADACOL supplies more than the minimum daily requirements of these elements plus helpful quantities of Phosphorus and Calcium. It really goes to work to build good red blood, better hemoglobin, (when Iron is needed) to make sure that the precious Vitamins and Minerals are sped to every part of the body, to every body organ. HADACOL is quickly absorbed in your system because its important elements are already dissolved in a special liquid form that's easy to take.

Two More Supervisors See Tax Cut

Barnes and Lewis Confident Rate to Be Cut Five Cents

County Supervisor Bealie Barnes and Sherman Lewis joined Supervisors Homer Varnier who last week said the tax rate could be cut. They said they are "confident" the county government tax rate for the new fiscal year that began July 1 will be at least five cents lower than the rate for the preceding year, which was \$1.93.

The said supervisors have trimmed at least \$250,000 off the total of budget requests for the new fiscal year—\$15,343,185.

THAT MEANS a total budget nearing \$15,093,000 for the new fiscal year—about \$120,000 lower than the \$15,212,745 for the fiscal year just ended.

Another factor also makes for a reduced tax rate. The tax base is greater by almost eight percent than it was last year. County Assessor Frank Burchfield announced the new assessed valuation, which make the tax base, Monday.

COUNTY AUDITOR Ray Hicks told the Supervisors that the budget they have prepared is "one of the tightest budgets in many, many years."

He said there was so little "fat" in it that they would increase their reserve funds from the \$450,000 of fiscal year to at least \$550,000 for the new fiscal year in order to take care of emergencies.

He said that past budgets have had a little "fat" in some items that took care of emergency expenditures.

THE MAJORITY of supervisors said, however, they did not want to increase the reserves.

Supervisor Barnes had said two weeks ago, when the supervisors began their budget sessions, that they might come up with a budget that would reduce the tax rate by five cents.

But that, he said later, was only a guess. He and Lewis said they were "confident" of a five cent cut in the tax rate.

Burglar Fails in Attempt on Greenberg Home

Officer John Herrera investigating an attempted burglary at the winter home of Harry Greenberg of Los Angeles, at 840 Camino Paracelo Monday.

He discovered evidence that some one had sought to gain entrance with a steel rod but had failed.

\$19,332 for City in License Fees

City Manager Russell Rink told council this week that the city's share of motor vehicle license fees (the in lieu tax) amounts to \$19,332.81 for the last half year of 1950.

Thomas J. Kuchel's state controller's office forwarded the funds last week.

Second Arrest Made in Marijuana Raids

Marking the second arrest in the newly organized drive of police chiefs of Riverside and San Bernardino counties to end narcotic traffic, Marciano Quiros of Palm Springs was arrested by Indio police this week on charges of dealing in marijuana.

Earlier Marcus Marquez, also of the Village, had been arrested for Indio Police.

Trailer Wrecked at Thousand Palms

Sudden application of brakes on a large tank truck but not on the trailer caused the latter to jack knife and crash into a stone wall by the side of Highway 99 near the Ramon road intersection.

Wreckage blocked the highway for a while. Highway Patrol officers cited Tylan Fikes, 38, driver, for violation of speed laws.

CLUB MANAGER — Maynard Strahl, new manager at Shadow Mountain club.

Maynard Strahl Now at Shadow Mountain Club

Cliff Henderson, founder and president of Shadow Mountain club at Palm Desert this week announced the selection of a new manager for the famed spa.

He is Maynard Strahl who has been affiliated with leading southland hotels for the last 14 years.

During his previous years of experience, he spent four years with the Bel Air hotel, two years with the Beverly Hills hotel, and six years with the Beverly Wilshire hotel. He comes to Shadow Mountain club from Harrison Hot Springs hotel and Golf club, in British Columbia where he has been manager for the past year.

Mr. and Mrs. Strahl and family of two children are now at the club, his duties having started on July 10.

"They are a welcome addition to our huge family and the promise of a season long to remember with the club under his direction is now offered to our members," said Henderson.

Birthday

Board Chairman Cuts the Cake

Chairman Irwin Hayden of the county board of supervisors is glad today he resisted that impulse. He wanted to throw his gavel at County Recorder Jack Ross when the latter barged into the supervisorial chambers and interrupted budget sessions.

He said his business couldn't wait. While Hayden gasped and glared and fingered the gavel, Ross and rest of the board burst into song: "Happy Birthday to You, Dear Irwin."

It was the chairman's 70th. He kissed the women present and passed out slices of a birthday cake baked for him by Mrs. B. C. Barnes, wife of the supervisor from the Third district.

Then the board brushed away the crumbs and renewed their study of the budget.

Find Stolen Car Abandoned Here

Cecile Nellison, stopping at a Baristo road hotel last weekend, found her automobile missing Sunday morning and reported to police. Police, in the meantime, had found the machine parked at Indian Avenue and Ramon road.

Entering into the case was a report at 1:19 a. m. Sunday that three boys had been seen pushing an automobile down Baristo. It was apparently the car reported stolen and later abandoned.

Indio Sales Tax Law Now in Effect

Indio started collecting sales tax on all articles sold at stores in the community this week.

The one per cent sales tax went into effect July 1. Sales tax permits were issued to 80 business firms.

Daughter Suing Wife of Pioneer Village Builder

With the intention of voiding the recent marriage of Mrs. India W. S. Miller, 74 to a man 12 years her junior, her two daughters Tuesday in Los Angeles began a court fight to have her declared incompetent.

The four-time wed Mrs. Miller is the grandniece of Colis P. Huntington, late railroad magnate, and widow of Theodore Walters, industrialist, who died and Mrs. India Merton, 45, child two years ago.

THE HUSBAND is Lee Miller, 62, well known here and who built many of the early homes in the Village.

Mrs. Mary Jane Ferguson, 41, and Mrs. Linda Merton, 45, children of Mrs. Miller's first two marriages, asked Superior Judge John G. Clark to name them guardians of Mrs. Miller's person.

They also seek appointment of a bank as guardian of her \$200,000 estate.

Their attorneys said that if their petition is granted the daughters will sue to annul Mrs. Miller's marriage to Miller.

THE DAUGHTERS charge Mrs. Miller has long been "addicted to the excessive use of alcoholic stimulants" and was not responsible when she married Miller. Mrs. Miller and her half sister, Mrs. Lois Lord Santoro are opposing the daughters' suit to be named personal guardian of their mother. Mrs. Miller wants Mrs. Santoro to be named her personal guardian.

After July 1st U. S. appropriated funds will be used to pay for all indigenous labor officially employed by U. S. Occupation Forces in Japan.

Believe Juveniles Responsible for Small Burglary

Thieves, apparently juveniles, entered the home of Walter Glatte, 226 West Alejo road, sometime during the weekend and stole a framed picture from the wall and a small ornamental lamp.

Officer John Herrera investigated the burglary which was reported by Glatte Monday but was unable to find finger prints. He did discover the imprints of small hands however and police believe the burglary was the work of small boys.

Nothing else was missing and the value of the loot was estimated at less than \$100.

Entry was gained by breaking a pane of glass in a window at the rear of the house.

Reichs Purchase Briskin Home

Mr. and Mrs. Herman Reich have purchased the Sam Briskin home at 233 Camina Alturas.

They moved in just before Mrs. Reich and children left on vacation and are looking forward to after-vacation days in their new home.

Two Organizations Won't Have to Pay

Two organizations were informed by city council last week that they would not have to pay city license fees.

Council waived the payments from Owen B. Coffman post, 519, American Legion and the O'Donnell Golf Club on the grounds that both are operated on a "non-profit" basis.

THE PALM SPRINGS DEPT., and HDWE STORE
WILL BE CLOSED TOMORROW MORNING,
SATURDAY, JULY 7th.

Due to the death and funeral of Mrs. Rose LaFrance, trusted employee. Her husband Cyprian LaFrance and their daughter Annette LaFrance

TEETER TOTTER

Teeter-Totter teams in western universities are competing madly for new world's records for endurance—numbers of hours team mates can keep teetering and tottering on their campus see-saws. The record is getting up around 100 hours now and there's no telling how high it will go eventually.

Teeter-Tottering is a modern example of the value of team work—an element which gets results in sports, and pays off on the telephone party-line too. A little thoughtful consideration on the part of party-line neighbors will make for better service all around. Here are a few points which will help develop party-line cooperation:

Be sure to have the right number before calling.

Replace the receiver properly when finished talking.

Space your calls—do not make one right after another.

Do not permit the children to monopolize the telephone.

Permit your neighbor to make emergency calls.

If you will follow these simple suggestions you will see how smooth party-line telephone service can be. Thank you.

California Water & Telephone Company

Palm Springs District Boy Scouts Enjoy Sierra Outing

Back from the Sierras after a wonderful outing were six leaders of Palm Springs Boy Scout council and a score of Scouts from the Village and surrounding area.

They left the Village on June 22 and came back eight days later happy, tired and still talking of a great time.

CLARENCE PURNEL of Jordan's Hot Springs packed the boys in and saw to it they had everything they needed. It took 11 horses and 14 mules to get

the boys to where they were going. Larry Purnel aided in the project of transporting the boys to a spot 8000 feet up where they stayed for a week.

Some of the older boys went on higher fishing along the Kern river.

ON SUNDAY they had services with Dick Blackstone, youngest son of Dr. James Blackstone, Community church pastor, in charge. Young Blackstone also made the "thank-you" speech to Purnel at the closing campfire.

The Scouts and leaders were divided into four groups and each took turns at kitchen police.

Herman Reich, past chairman of the local Scout committee, said they even had cake and good, too.

MAKING THE trip were Reich, Herbert A. Seales, John W. Kean, H. E. Durbin, Scoutmaster of Troop 56, W. C. Stephens, Scoutmaster of Troop 59, Claude Chapin of Troop 38, and the following boys:

Troop 59, Desert Hot Springs, Clayton A. Lampman, Gary M.

The Desert Sun—3 Palm Springs, Fri. July 6, 1951

David Dillinger, Marshal Thompson.

"The boys were certainly well behaved," commented Reich, "for Clarence Purnel, who went all out to see that they had a great time, invited them to come back again next year."

Shadow Mountain Activity

NIGHT-life at Shadow Mountain club still going full blast. Saturday night barbecues are drawing over 100 people and from now on more are expected. The Valencia Trio has been engaged for the next two weekends, July 7 and 14. All are looking forward to having a real ball on those particular nights.

The Fireman's Ball once again was a great success. Upwards to 1800 people attended the gala affair. Many laughs, much entertainment, and a beautiful water show were the main highlights of the evening. Before long Palm Desert will have a very up to date and modern fire department. Congratulations to Art Fields and Kae Olson, under their excellent supervision all went as scheduled.

The many friends of Cliff Henderson, founder-president of Shadow Mountain club and Palm Desert, will be happy to hear that he returned from Scripps Clinic in La Jolla last week and has completely recovered from his illness. Mr. Henderson left Palm Desert on the first of the month for northern Michigan where he will visit with several of his friends in that area. He will return in two weeks.

Thursday night square dances are flourishing again. A special square dance dinner is prepared each Thursday night, and the caller has had at least three square the last two weeks. To Irene Matthias a bouquet of roses for the continuation of the square dances which were so popular during the winter season.

Down from Los Angeles to spend the weekend in their desert home was the Porter Jones family. Also enjoying the spacious facilities of the swimming pool were the Dudley Steeles.

Polly Wilson is back in her Sun Lodge again. Mrs. George F. (Gabby) Hayes informs us that her husband is enroute from New York City. He will spend a few weeks here in between his television shows. Their Sun Lodge will be filled with friends making sure that Gabby has fun here in the sun.

From Page One—MORE ABOUT RAMON

row escapes on the road due to its narrowness.

She said that many of her neighbors come into Palm Springs regularly because they like to shop here but that several have told her that they would have to discontinue the practice because of narrow escapes, especially after dark.

GEORGE E. CROTHERS, land owner in the Thousand Palms area has written Supervisor Homer Varner, Earl Coffman, Publisher Oliver B. Jaynes of The Desert Sun, President Fred Ingram of the Chamber of Commerce and members of the board of supervisors asking their assistance in obtaining the promised widening of Ramon road.

He has checked traffic and said he was amazed at the long line of single file automobiles, all traveling fast on Ramon road which outside of the city limits is too narrow for safety.

An appeal is being planned to supervisors to proceed with the widening of Ramon road from the east city limits of Palm Springs to its intersection with Highway 99 at Thousand Palms. The money was once appropriated for this purpose, they say.

Mr. and Mrs. Lyons Now in London

Mr. and Mrs. Dave Lyons are in London for a brief visit after a stay on the Isle of Man after leaving the Village for belated European honeymoon.

From London they plan to visit the continent before returning to the Village in fall to reopen his Saddle and Sirolo restaurant.

STANDING ROOM ONLY — Old timers in Palm Springs who live in the Village the year around gasped in amazement at the sight that greeted their eyes at the Palm House Saturday night. Vic Sudaha, genial proprietor, had his handfull assuring impatient patrons that a table would be available for them shortly. But the longer they waited the bigger the crowd became. It was the biggest summer weekend in Palm Springs' history. (Sun Photo).

From Page One—MORE ABOUT

PUBLISHER'S CORNER

brouchers extolling the virtues of Palm Springs climate, accommodations and entertainment.

Three years ago, Southern Pacific railroad placed in service, the new Golden State Limited, a finer, faster daily streamliner to southern California directly serving Palm Springs from Chicago, St. Louis and New York. The interior of the train is brilliantly designed in red and silver and colors were borrowed from the desert country for the dining room and "Fiesta Car." Just one year ago, the new streamliner Sunset Limited was put into service and again Southern Pacific increased its service to Palm Springs from the South. In the Northwest, "The Shasta Route" sells the Village to our visitors from Washington and Oregon, and a far-flung system of distribution has been used to place literature prepared by others in the hands of prospective visitors to this area. Just recently, a new folder has been prepared which is devoted exclusively to this city. At advantageous times during the winter months, full page colored advertisements applauding the virtues of a winter vacation here, appear in the Chicago Tribune from which point Palm Springs receives a great amount of patronage.

Southern Pacific railroad is proud to say that in its vast program of advertising throughout America, Palm Springs has received prominent mention. Though difficult to value in dollars and cents, this support has been of major value in attracting visitors and vacationists to our community and will be continued in the future to bring The Palm Springs Story to America through the medium of Southern Pacific advertising.

Library Notes

READING CLUB. The children's room of the Weiswood Murray Memorial Library, which is open Mondays through Fridays from ten until five, has organized a Reading Club for the summer. Any boy or girl who attended school last year is welcome to join it. The Club will continue until school starts in the fall.

Here are some of the new books to be found in the Library. ALIAS BASIL WILLING by Helen McCloy. He was a little man, undistinguished and frightened. He borrowed Basil Willing's name, attended a strange dinner party, and was murdered. The real Basil then set out to discover why the tragedy had struck his unknown alter ego. Dr. Willing works his way to a climax and conclusion shocking yet logically satisfying.

A ROUGH SHOT by Geoffrey Household. Roger Taine who lives in a small village in Dorset with his wife and two young sons is accustomed to spend his Saturdays on a 450-acre area nearby where he had leased the shooting rights. One day he sees two men acting mysteriously. Intending to scare them off, he gives one a dose of buckshot. He is horrified to see him keel over. He hides the body and returns home. This touches off a wild and intricately plotted tale which develops into a first-class story of international intrigue.

THE CHINA STORY by Freda U. ley. The story of Communism

in the Far East as seen by this woman reporter. The book explains the truth about aid to Chiang Kai-shek, the story of the Amerasia case and of the Tydings investigation. This book is an attempt to tell what has been going on in our relations with China over the past decade.

BARBARY SHORE by Norman Mailer. The scene is a rooming house in Brooklyn Heights. The hero is a young writer. There are six characters in all, each in a sense a symbol of the political issues of today. Out of their extraordinary relationships — to each other, to the world around them, Norman Mailer has extracted the dilemma of our times.

Recreation

Legion Post Plans Outdoor Program

Plans for a new recreation center in Palm Springs were outlined yesterday by Graham Dexter, commander of Owen B. Coffman post, 519, American Legion. Dexter said the post had appropriated money and plans to start immediate development of the outdoor area at World Wars Memorial Hall.

Volleyball, badminton, shuffle board and other sports are planned for the area.

It will be open to Legionnaires and their friends as a new spot for Villagers to enjoy themselves, the commander said.

Chief and Bride on Honeymoon

En route to Texas for the first part of their automobile honeymoon trip today were Chief of Police A. G. Kettmann and his bride, the former Georgia Lu Lish, daughter of Mr. and Mrs. William List, 629, El Placer, where the marriage ceremony was solemnized last Saturday.

The Rev. John M. Neal of Riverside read the service and the bride and bridegroom were attended by Henry Norman as best man and Ione Coble as Matron of Honor.

More than 200 Villagers attended the reception following the rites at the Lish home. Harold Hicks, who was to have been best man, was called out of town suddenly Saturday morning.

The new Mrs. Kettmann is president of Palm Springs Business Woman's club for the second year. She has been desk clerk at the Palm Springs police station for the past two years.

Chief Kettmann came to Palm Springs from San Jose six years ago. He was on the police staff there and prior to that, a newspaper man.

From Palm Springs, the happy couple went to Santa Monica for a few days. After a few days in Texas with the bride's brother who is in the military service, the Kettmanns plan to drive to Oregon to visit relatives of the chief before returning to Palm Springs. tain club is still going full blast.

Budget Adoption on Slate July 11

Final approval and adoption of the city budget for the 1951-52 fiscal year is slated as the main item on city council agenda for next Wednesday night at city hall. The budget calls for an expenditure of \$584,245 for the year. City Manager said that while the budget is higher the tax rate will remain the same because of the increased assessed value of the city and increases in other funds.

The budget was introduced at the last meeting of council.

Gregorio Valadez and Jose Alba. Interpolated in the action of the merry stage play, to be presented in the English language, will be the beautiful jarana dances and engaging songs of Yucatan.

With the Jamaica post-curtain carnival in the patio, and the Thursday evening foyer programs featuring mariachi music to be continued, "El Gallito" will be staged Wednesday through Saturday evenings, Wednesday and Saturday afternoons, through August 18.

Village Girl Weds Idyllwild Man

Mr. and Mrs. Lewis L. Troy of Palm Springs this week announced the marriage of their daughter, Marilou, to Oaul H. Sanborn of Idyllwild on June 17 at Yuma, Arizona.

Following a honeymoon trip, Sanborn left to assume duties with the armed forces.

Mrs. Sanborn, a graduate of Palm Springs high school in 1949 was formerly employed at Worden's Jewelry here. She will make her home in Idyllwild while her husband is in the service.

Son Visits Weatheralls

Mr. and Mrs. D. C. Weatherall flew in from Dublin, Ga., last Monday to spend a two-week vacation with his parents, the Rev. B. B. Weatherall and Mrs. Weatherall who have taken a home in Banning for the summer.

Over the weekend they were guests with a group of relatives who gathered at the ranch home of Mr. and Mrs. D. C. Engel of Escondido for a family reunion. They will return by plane July 9.

At Idyllwild

Mrs. C. L. Gentry of 1407 N. Indian avenue, is at Idyllwild, in the San Jacinto mountains, to spend the summer.

Harold Hicks and Family in Buffalo

In Buffalo, N. Y., for a summer's stay were Mr. and Mrs. Harold Hicks and family. They flew East Sunday.

The family will remain until after Labor Day but Hicks, well known realtor and president of the Palm Springs Water company, plans periodic flights to the Village to look after business interests.

Miss Ransom to Wed July 22

Miss Beverly Ransom, daughter of Mr. and Mrs. Robert Ransom of the Village will be married Sunday, July 22, at 4:30 p. m. to Oliver Franklin Ernst at the Beverly Vista Community church, Beverly Hills.

Invitations were received by friends of the Ransoms and the couple here today.

Mr. Ernst is the son of Mrs. Edith Ernst of Coronado. He served four years in the Army Air Force during World War II. The bride-to-be attended Westmont College at Santa Barbara.

IT'S COOL IN SANTA MONICA
Yes, it's lovely here atop the Palms overlooking the cool, blue Pacific. Bring the family. Stay all summer. Rates are moderate. Write for folder. The Georgian Hotel and Apartments, Santa Monica.

Be comfortable every day!

Enjoy refreshing COOLNESS in summer...

...and draft-free WARMTH in winter

Install a Servel Gas All-Year Air Conditioner and you'll always have perfect indoor climate

YOU BENEFIT 8 WAYS

The Servel Gas All-Year Air Conditioner:

1. Keeps every room comfortable with one simple unit
2. Cools and dries the air when it's hot and humid
3. Heats and humidifies the air when it's cold and dry
4. Switches automatically from cooling to heating and back again, as needed
5. Filters out dust, dirt and pollen
6. Cools without moving parts in the refrigeration unit
7. Uses clean, dependable gas
8. Carries a 5-year guarantee... your assurance of complete and lasting satisfaction.

WHY CONTINUE TO SWELTER in summer or shiver in winter? Make your home the most comfortable place in the world by installing a Servel Gas All-Year Air Conditioner.

In summer, this all-in-one unit fills your rooms with refreshing refrigerated air... keeps your indoor temperature in the comfortable 70's. It also filters the air and removes dust and pollen. Asthma and hay fever sufferers get welcome relief

in the healthfully cool and clean air. In winter, this gas air conditioner keeps you blissfully, effortlessly, warm and comfortable. It eliminates drafts, but drives out stale, stagnant air and odors.

The Servel Gas All-Year Air Conditioner can be installed in your present home or office or when you build. See your Gas Company for details. Learn why gas air conditioning costs less in the long run.

SOUTHERN CALIFORNIA GAS COMPANY

It's GAS for all-year air conditioning

G. L. Heater Joins Village All Year Clan

George L. Heater, who celebrated his 87th birthday last December, is another who prefers to stay all summer. He left here a few weeks ago for Toledo, Ohio, but last Monday came back to the Village and his home, 714 North Patencio road.

Heater is the founder of the Toledo Plate and Window Glass company and was its president for 45 years. He lived in Toledo until two years ago when he sold his home there and purchased the home at North Patencio road.

Prior to that he was an annual visitor at the Desert Inn for 17 years and was a good friend of the late Nellie N. Coffman. After that he was a visitor for eight successive winters at the Town House.

He said that while he enjoyed seeing his Toledo friends during his brief stay there he was eager to leave the heat and humidity of the midwest and come back to his air-conditioned Palm Springs home.

Mrs. Loretta Heatherington, his nurse and companion, returned to the Village with him.

DON'T TAKE THE CHANCE! For the small amount of money it takes for fire protection of your property and home furnishings—Be Sure—and gain peace of mind—do it TODAY—Tomorrow may be too late!

Colony, Rinkies in Feature Game Monday Evening

Following a lull over the Fourth of July holiday, play was resumed in the Desert Softball league last night when Desert Hot Springs and Mexican Colony clashed.

Tonight the 20-30 club and The Rec tangle at the Polo Grounds.

Games for next week were announced by Recreation Director Howard Haddock as follows:

Monday—Rinky Dinks and Mexican Colony, the two top teams, clash.

Tuesday—Desert Hot Springs and 20-30 club at Desert Hot Springs; Jaycee and The Rec.

Wednesday—Mexican Colony vs. 20-30 club.

Thursday—Jaycee vs Desert Hot Springs.

Friday—Rinky Dinks and the Rec.

All games, unless otherwise indicated, are played at the Polo Grounds.

The league standing, including Monday night's game, is:

	W	L	Pct.
Mexican Colony	6	0	100%
Rinky Dinks	3	3	50%
Desert Hot Spgs	4	2	66%
The Rec	3	3	50%
Jaycee	3	4	42%
20-30 club	1	5	16%
All Stars	0	6	0%

From Page One—MORE ABOUT INDIAN AVE

weeks and should be completed by November 1.

THE MIDDLE SECTION from Amado to Arenas, presents a more complicated problem. There some of the buildings protrude across the section line and into the portion of the right-of-way planned to be used for the pavement of the four-lane road and parking lanes.

Negotiations for removal of these buildings will have to be completed before bids are asked for the pavement.

This work, too, Rink said is expected to proceed without difficulty other than a delay in starting the project.

IT IS PROPOSED, he said, to complete these negotiations while paving crews are active on the north and south sections.

Negotiations for the rights-of-way were completed last week when checks were handed Indian owners of property along the west side of the reservation and east side of Indian avenue.

OWNERS OF BUILDINGS along the right-of-way which have to be moved will be reimbursed by the city.

The proposed plans will make Indian avenue the widest street in the city and will relieve a long established bottleneck in the business area.

The purchase price amounted to slightly more than \$15,000 paid on a basis of \$500 for each 165 feet of frontage on Indian avenue.

News of successful completion of long negotiations for needed easement was made Wednesday night when James Ring, California area director for the Bureau of Indians Affairs and his assistant, Henry Harris informed council that the U. S. Government had accepted the city's offer for the purchase of the mile long strip of land 50 feet deep bordering the western edge of Section 14 and abutting the present street bed of Indian avenue.

Gerwing Names Chief Assistant

George Gerwing, county civil defense coordinator, Monday announced he had named Col. Oscar Drescher, 62, U. S. army retired, of Hemet, as his chief assistant.

"Do You Have Any Three-Cent Stamps That Will Harmonize With Powder-Blue Envelopes?"

Village Scottie Wins Ribbon at Beach Dog Show

The first time she ever entered one of her dogs in a dog show, Mrs. Alice Guthrie found herself with a prize ribbon.

Ebon Myte's Miss Muffet, nine month old blue-blooded Scottie has been projected into the realm of canine aristocracy.

Last week at the mammoth show held at Long Beach, Miss Muffet was awarded third place in the futurity class, according to Mrs. Guthrie, home owner here.

"It was the first time I ever entered a dog of mine in a dog show," Mrs. Guthrie said "and was I thrilled when Miss Muffet was awarded third place in the Futurity."

Mrs. Guthrie, well known in social circles and a long time resident here announced that for the first time since coming to Palm Springs she plans to spend the entire summer here.

Adolfo Mediano Now in Army at Ft. Ord

Adolfo Torres Mediano, 20 son of Mr. and Mrs. Rosario Mediano of Palm Springs is now at Fort Ord, assigned to Company A of the 20th infantry regiment, sixth infantry division.

He entered the service on May 18.

A French sergeant in Korea arouses his hard-sleeping men in the mornings with about 30 rounds of "alarm clock" sub-machine gun fire.

McKenny Leads League Batting With High .611

Ted McKinney of the Junior Chamber of Commerce entry in the Desert Softball league, set the pace for batting in the first round of loop play. Howard Haddock, recreation director said yesterday as he compiled the figures.

McKinney has been slugging the ball at the rate of almost two hits every three times to the plate. He wound up the first round with a figure of .611.

THE TOP FIVE batters, according to Haddock, are:

McKinney, Jaycee	.611
Miller, The Rec	.545
Hopp, Jaycee	.474
Walker, DHS	.455
Engle, Rinkies	.429

The league-leading Mexican Colony, which took six out of six in the first round hasn't a man in the top five. But they have two men in the top home-run hitters so far.

Mark Hopp of the Jaycee is setting the pace in this division with three four-ply swats to date.

THE LEADING home-run hitters at the end of the first round were:

Hopp, Jaycee	3
Ben Prieto, MC	2
Frank Prieto, MC	2
Gautiello, DHS	2
Don Allen, DHS	2
Strange, Rec	2

Haddock also reported that attendance at the Polo Grounds this year is far ahead of last year at the same time.

"And so are the collections," he said.

Autrey TV Films Made at Pioneertown

Gene Autrey will start a series of motion pictures for television use next Monday at Pioneertown it was announced this week.

He will appear periodically at the town a few miles northwest of Palm Springs for the next four months.

The U. S. Army 2d Logistical Command's UN Reception Center in Korea has processed soldiers of 10 different nations since its inception.

Beverly Hanson Wins First Time Out as Golf Pro

Two days after she signed a contract in which she became a professional, Beverly Hanson, of Indio, holder of the Palm Springs Woman's Invitational title this year, won her first prize money.

She signed with the McGregor Golf company of Pittsburg last Friday.

The smooth-swinging Indio and Palm Springs champion signed along with her instructor, Heien Dettweiler, golf pro at the Conchran-Odlum golf course in Indio.

The golfing twosome will conduct tee clinics and golfing exhibitions across the country on behalf of the McGregor company.

Miss Hanson recently competed for the British Amateur Women's title, but lost out in the quarter finals to Miss Jeanne Bisgood, 2 and 1.

In her first venture as a pro, Miss Hanson won the 54-hole Woman's Eastern Open at Reading, Pa., with a one-under par 215. She picked up the \$1000 first prize with a three-stroke lead over Babe Didrikson Zaharias.

Valentino Says Application Not Yet...But Soon

Charles Valentino said yesterday that the statement that he had applied to city council for a permit to establish a private merchants patrol here was premature.

He declared he had not yet applied but that he intended to and that approximately 85 merchants had expressed approval of the plan.

CHANCE VISIT TO CATHEDRAL CITY AND WAIT FOR FRIENDS BROUGHT NEW BANK TO THIS AREA

Desert Bank Marks Third Anniversary As Result of Call

If dynamic O. A. Torgerson had not promised a close friend to visit old Mexico with him and if that friend had not been at least ten days late in getting started, there might never have been organized what is today known as the Desert Bank.

All of the above was brought to mind this week with the announcement that the Desert Bank will celebrate its third anniversary July 11. It was on that day the Desert Bank of Cathedral City first opened its doors.

TODAY THE SAME institution with an additional Desert Bank in Palm Springs, opened September 5, 1950, and still another one scheduled to open in Indio early in September boasts of assets totaling a little more than \$4,000,000.

A cursory inspection of the records indicate that the bank has on deposit with it \$3,700,000. The comparatively new institution has played a vitally important role in the development of Palm Springs and surrounding resort areas.

MORE THAN 65 per cent of its loans to clients has gone into the construction of homes, the solid kind of development sought by most communities, it was pointed out.

But back to Torgerson's chance visit to Cathedral City while waiting for his Alaskan friend Lee Dickinson to get started on the long, agreed journey to old Mexico.

Bill Hillery, Cathedral City realtor recalled that Torgerson while waiting the arrival of his friend Lee and family, decided to visit Cathedral City and Palm Springs, where he had heard some of his friends from Alaska, where he had spent 15 years, were living and in business.

"I DIDN'T KNOW Torgerson in Alaska personally but I had heard of his phenomenal work as an organizer and banker," said Hillery. "While waiting at Cathedral City and visiting with Alaskan friends there, everybody Torgerson met urged him to open a bank in that community."

"I went on to Mexico with Lee Dickinson," said Torgerson, "but the idea of opening a bank in Cathedral City stuck with me. I decided to return to that community and study the situation a little more thoroughly."

THE RESULT of his return is represented in the amazing financial growth of the Desert Bank.

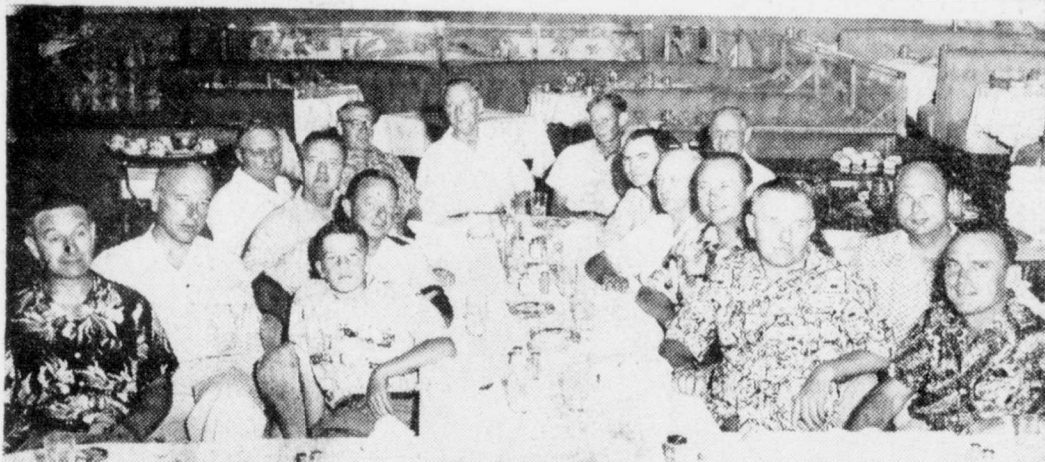

Torgerson was well known to former Alaskan residents then residing in Palm Springs and Cathedral City. When they urged upon him the organization of a new bank in Cathedral City, the "canny Norwegian, who originally hails from near St. Paul, moved cautiously and carefully. His record in the banking world has been one of continued achievement.

Before moving to Alaska Torgerson started at the bottom rung of the ladder as a teller in a bank at Everett, Washington. When he left that institution ten years later he had achieved the position of vice-president.

IN ALASKA at the very height of the depression in this country, 1932, Torgerson's pleasing personality and his zeal for more and more work, gained for him wide acclaim as a banker. He spent seven years in Cordova. On to Kodiak, Torgerson started the first bank in that northern tip of Alaska. Seven and one half years later he had decided to retire and fulfill that promise to Lee Dickinson and both families would now make that long postponed trip to old Mexico.

Thus the Desert Bank of Palm Springs, Cathedral City (and soon Indio) become part of this growing "desert empire" as Torgerson is wont to call it.

FRIENDS of the president of the Desert Bank point out too, that Torgerson used an innate

BANKERS DO FORGET BANKING — Officers and directors of the Desert Bank are above in the Blue Room of the Chi Chi are always eager to forgo financial affairs if there is an opportunity for a banquet. The occasion marked the election of new directors for the Desert Bank of Indio to be opened in September. Left to right they are: G. C. Waller, E. F. Pearson, Kenny Reich, son of director Herman Reich seated behind him; Russell E. Denny, Elson Cousins, O. A. Torgerson, president; John A. Connors, Ray G. Potter, C. S. Cobb, C. R. Emerson, W. R. Hillery, Ray Oleson, Don Mitchell, C. J. Bell and Drexel Cooper Indio director Max Cawthon was unable to be present.

sense of good public relations and selected the personnel and officials of the new banking institution with a keen eye as to their fitness.

As a result, the entire structure of the Desert Bank from a personnel standpoint indicates that each man and woman exhibits a warm friendly feeling in their contact with clients.

TORGERSON although he has accomplished, what many desert dwellers at one time said was impossible judging by the success-yardstick of the Desert Bank, is modest, soft speaking and retiring. Those who know him intimately know that he is constantly seething with ideas and has in a short span of time inherited an almost reverent feeling for the desert and its progress.

There is no doubt that he guided the selection of the first directors of the banking institution at Cathedral City. Each one was considered a pillar of good civic endeavor. They were: W. C. Waller, C. S. Cobb, W. R. Hillery, Ray G. Potter and of course Torgerson.

WHEN THE BANK at Palm Springs was opened the directors elected were: Herman Reich, John A. Connors, Stanley Whitmore, S. E. Henderson and Arthur E. Bailey.

Last week directors of the new bank at Indio were elected. They are: Max Cawthon, Kay Oleson, Don Mitchell, Drexel Cooper and Elson Cooper.

Officers of the Desert Bank are: L. Pearson, assistant vice-president, Palm Springs; Russell E. Denny, cashier, Palm Springs; C. R. Emerson, assistant vice-president and manager at Cathedral City; C. J. Bell, vice-president, Palm Springs.

THE DESERT BANK here, Cathedral City and the one to be opened in Indio will operate under an interlocking directorship. Its capitalization was announced at \$100,000 with \$65,000 in surplus.

A new building is in the process of being constructed on Miles avenue in Indio to house the banking institution, the first independent bank in that sister community to the south.

There have been more men of the caliber of Torgerson who have been bewitched by the desert and Palm Springs. More have followed each day and will continue to do so, many declare.

But the Desert Bank no doubt has accomplished a task it bent toward aiding the growth of this community that may be hard to duplicate, admirers of Torgerson declare.

High Cost of Mosquito Fight Told CV Advisory Planners

The proposed county building code enabling act, the Mosquito Abatement District's increased tax levy, fire prevention and protection measures were among items of business before the Coachella Valley Advisory Planning Committee Friday night at their meeting at the water district office at Coachella.

Tyler Suess, county planner, explained the proposed building code will permit areas desiring to adopt such protective measures to apply for such requirement aid.

"THE CODE, which will likely become effective Sept. 1, is one that has been crystallized at meetings of the county planning commission and board of supervisors and will permit areas to establish building codes. It is especially interesting to the desert areas which had already started steps in that direction, notably in the Cathedral City area," he said.

"The planning commission will recommend that where building codes are adopted they will be uniform, and thus the entire county's code will be uniform eventually."

"IT IS THE planning commission's idea that the code not be concerned about who shall do the work, electrical and plumbing, as long as the minimum standard requirements are met."

Dr. C. S. Johnson, Mecca, member of the Mosquito Abatement District board, explained the need for increasing the district's tax levy from 4c to 15c this year? when Chairman Herb Ecclestone, Desert Hot Springs, asked if the committee wished to support or question the increase.

"Increasing use of irrigation water, increased waste water, need of equipment and housing facilities, require our increasing

the levy this year," Johnson explained.

HE SAID the district was organized to study gnats and control gnats but that the increase of mosquitoes had this year necessitated the establishment of a mosquito control division.

The 15c levy is the maximum the district can set and this amount can be taxed without the approval of the county supervisors, he pointed out. Some aid from the State Bureau of Vector Control is expected this year in the mosquito battle, but he also asked for aid from the water district and road department in controlling the amount of waste water in the Valley which present mosquito breeding problems.

ECCESTONE said the Desert Hot Springs area was setting up fire district patterned after Cathedral City and an application for such district's formation will be presented the county supervisors July 10.

He said Truman Holland, asked the committee to support the department's request for \$25,000 for materials which volunteers would use to build housing for fire equipment at Mecca, Thermal, La Quinta, and other places. Next year's program includes fire equipment for Thousand Palms. The committee adopted a resolution to be sent the supervisors supporting the fund request.

ECCESTONE ALSO reported that Lyle Howell had advised him that the Salton Sea Park area was ready for picnic grounds and primary improvements.

W. R. Hillery, Cathedral City, reported that efforts were underway to obtain cooperation of the Coachella Valley Water District and county flood control district to build a spreading dike in

6—The Desert Sun
Palm Springs, Fri. July 6, 1951.

Police Reiterate Warning Against Forgotten Keys

Acting Police Chief Johnson today reiterated his warning to careless automobile drivers.

"Don't park your car and go merrily shopping or visiting with the keys left in the ignition lock. They won't be there when you get back."

Captain Johnson called attention to a provision of the state law which makes it illegal to leave keys in a parked automobile.

Under this act, police for the past few weeks have been taking keys from cars parked at curbs and impounding them at the police station.

Each day four to six keys are picked in that manner and red-faced car owners come to call for them.

They are reminded of the law when they do and urged to be more careful.

"Keys in the ignition lock are an invitation to thieves and there are too many cars being stolen these days," Captain Johnson said.

Palm Canyon. The proposed development of a homes resort and 18-hole golf course east of Cathedral City near Wonder Palms was also mentioned.

No Accidents, No Fires in Village Area on Holiday

No accidents marred the holiday in Palm Springs according to the police department and there were no fires.

The county went by until late in the day without an accident then late last night, one man was killed and several hurt in highway accidents.

The dead man was still unidentified at a late hour yesterday while officers awaited a chance to interview his companion, critically injured in a Hemet hospital. The accident occurred at San Jacinto.

Several were injured in late Fourth of July accidents and the death toll may go up by at least one, it was reported.

While there were no fires in the city, county fire trucks were called out several times during the day to fight grass fires. None of these was in the desert area.

PATTI MEYER ASKS DIVORCE

Johnny Meyer well known to many Villagers and winter habitue of the Racquet Club is going to be divorced by his wife beautiful Patti, equally as well known here.

"We are going to go our separate way," declared Patti. "Johnny was never meant to be a married man." The couple were married during an elopement to Las Vegas in March 1950.

Dromedaries

Harry Oliver Says Fair Should Get 'em

Harry Oliver of Thousand Palms is in the news again. This time it is over at Indio where they will hold the annual date fair again next spring.

Oliver said the camels used at the fair each spring are not the right kind—besides they're mangy.

"Besides what you people want are dromedaries—the one-hump variety. They go with dates. They are native of Arabia. The two-humper comes from what

was once Persia," he said. Oliver advised the county fair board, or some other influential individual to get in touch with Los Angeles Shriners.

"They have some dandy one-humpers. Photogenic, hygienic, well-trained, compatible and handsome," he said. "Much better than what you have been getting."

"And, anyway, even if you don't, at least I've contrived to get some life in the summer news lull."

The 5th Regiment of the U. S. Army 1st Cavalry Division recently contributed more than \$10,000 to the American Red Cross and American Cancer Society.

The Desert Sun

Palm Springs, Calif. July 6, 1951

COOL AND REFRESHING—Relaxing around the pool at the Shadow Mountain Club are three vacationists from Long Beach. Left to right are Mrs. Ted Brown, Mrs. M. W. McDougall and Mrs. H. C. Munroe. The three spent a recent holiday interlude at this popular desert spa.

Name Army Man Chief Assistant in Civilian Defense

County Civil Defense Coordinator George Gerwing Monday appointed his chief assistant: Col. Oscar Drescher, 62, U. S. Army, ret., Hemet.

County supervisors approved the appointment 3-2. The two supervisors opposed to the appointment, William Jones and Homer Varner, were the two supervisors who opposed Gerwing's appointment on Saturday.

"I WANT you to understand that I think Col. Drescher is well qualified," said Jones yesterday. "But I think he should be over all coordinator as head of civil defense rather than an assistant under the head of the chamber of commerce."

Gerwing is secretary-manager of the county chamber of commerce, a job to which he was appointed before he took on the additional duties and salary of defense coordinator.

Supervisor Varner said: "I agree with Mr. Jones."

MONDAY'S ACTION did not produce the bitterness, however, of Friday's action. Jones and Varner spoke their pieces quietly. And the majority of Beale Barnes, Sherman Lewis, and Irwin Hayden said simply that they respected but disagreed with those opinions.

Col. Drescher's salary will be \$360 a month.

Gerwing told reporters Col. Drescher had demonstrated "tremendous organizational ability" during his army career and that he was "very familiar" with the civil defense program.

Unit Seven of Canal System Near Completion

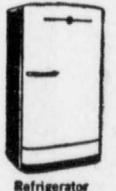

C. S. Hale, project engineer for the Bureau of Reclamation reported last week that Unit Seven of the Coachella distribution system of the All-American canal is nearing completion.

Unit Seven serves the valley's west end.

Hale said that as soon as laterals which will serve 1400 acres are completed, the project will be turned over to the Coachella Valley County Water District.

How Fast Will a 300-Pound Cake of Ice Melt to Nothing

Are you good at guessing how long it will take a 300-pound cake of ice to melt?

If you can, a handsome blanket to keep you warm when winter rolls around again, is yours free.

All of the above has to do with J. C. Penney's annual July blanket offering simultaneously taking place throughout the nation in 1,610 Penney stores.

THE 300-POUND cake of ice is now resting in Penney's window at Banning. Frozen in its center is an expensive blanket that will become the property of the person who guesses closest to the exact time the ice melts, according to Howard Diebel, manager of Penney's at Banning. In order to participate in the ice-melting contest one has to register at the business establishment.

The blanket offering continues, however, throughout the month of July and the sale is based on a "lay-away" plan," Diebel said.

"ALL ONE has to do is to either come in and select the blanket desired, pay 10 per cent of the purchase and ten per cent each month until the blankets are paid for or picked up at which time the entire amount is payable on delivery," Diebel explained.

This year, said Diebel, people

who do not desire to make their selection in person may order the blankets by mail on the same lay-away basis.

Each July thousands of blankets are sold by the J. C. Penney stores Diebel said.

Holiday

Village is Quiet On July Fourth

Independence Day was a quiet one in Palm Springs.

City offices, banks and other public institutions were closed and the postoffice was on a holiday basis.

There were no fireworks here, no noisy crackers, no pyrotechnic displays. City laws prohibit their use. In the area outside of the city, county laws also banned fireworks.

Beaumont was the only city in the county where fireworks were sold and used and they had to be used within the city limits.

All other cities in the county and the county itself have anti-fireworks laws.

Owen E. Coffman Post, 519 American Legion, did its job well again by lining the curbs of Palm Canyon drive with the American flag. Several business firms and private homes also displayed flags.

Mackey Wants Desert Deputy

District Attorney W. O. Mackey wants an increase in the budget for his department to allow addition of an additional investigator. He now has two. The third investigator will be assigned to the desert district, he said.

He told supervisors that the work could not be done by sheriff's deputies as his department had to go further in gathering evidence. Supervisors granted the request but eliminated other items to prevent an increase in the budget.

Gerwing Urges Mountain Area to Increase Publicity

Addressing the Idyllwild Chamber of Commerce this week, George Gerwing, secretary-manager of the county chamber of commerce, urged residents to stress the recreational and cultural values of the mountain area.

Gerwing reported that in his travels about southern California, he had heard much favorable comment on the San Jacinto Mountains' contribution to both recreation and culture. In some circles, Idyllwild, he said, has been described as a future culture center of the State.

IN PREPARING promotion material, Gerwing advised that a realistic picture be painted on the region.

"Be sure to match what you have with what you want, and you'll better serve the tourist trade," Gerwing declared. "There's no doubt but that within a few years the 'Idyllwild' trade mark will mean something to the rest of the country."

Gerwing urged mountain planners not to overlook the older groups in establishing an outdoor program. The San Jacinto mountains have already been acclaimed for their contribution

Re-elect McCabe Board President

Trustees of the Palm Springs Unified School district met Monday night at Frances S. Stevens school and organized for the new fiscal year.

Hilton McCabe, local attorney, was re-elected president of the board and Mrs. Helen Staley, secretary.

Dr. A. G. Hoff's superintendent of the district.

to youthful recreation, but that there is room for exploring the potentials for a less active schedule.

Village Man Too Fast for Prowler

Ralph Weinstein, 328 Mel. avenue, was too quick for a Peeping Tom.

He grabbed him and held him until police arrived.

Mrs. Weinstein called police while her husband trapped the prowler.

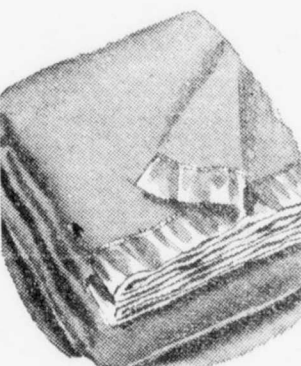

At the police station Fred Owen Shields was booked as a Peeping Tom and on Monday was given a 20-day jail sentence, suspended provided he leave town for two years, by Judge E. E. Theriault in city court.

AND SO, DIVORCE

By
Richard Hill Wilkinson

TO BEGIN at the beginning: Lay your cards on the table. Certainly David is intelligent enough to see your point of view.

David was home early that night. He was there to greet her when she arrived. She kissed him and hurried into the bedroom, to dab at her eyes and to fortify herself with respite.

When she returned to the living room David was slumped dejectedly in an easy chair. She noticed his long face, and attributed it to his natural depressed spirits. The slight spurring on, provided the necessary stimulant to begin her speech.

She wet her lips and opened her mouth. But David spoke first, staring at her fearfully from the depths of his chair.

"I've been wondering, Flossie," he began with an apparent effort, "if you weren't right after all."

"Right?" Flossie asked, failing to grasp his meaning.

"Yes. About us getting married. I've been wondering if we really are suited to each other. And then—"

He paused, staring in astonishment at Flossie, who had dropped speechless on to the studio couch.

"Yes?" she urged weakly.

David sat forward with an impatient gesture. "Oh, hang it, these payments on the furniture are driving me daft. There seems to be a daylight ahead. I can't give you the things you want to make you happy. And a man has to do that to keep his wife's love. I want to be fair, Flossie. But it's only now I've been able to see your point of view about this marriage business. I'm willing to carry on if you say so. But if you haven't changed your mind I'm willing to quit, too."

After it was over and Flossie was a no David went into the bedroom. From a bureau drawer he produced a photograph. It was of Flossie, and he had hidden it there in the hope that she would overlook it in the excitement.

He stared at it and thought: "She never guessed—never suspected that I understood how she felt, and did it for her." And then he fell to wondering if he ever would be able to put her out of his heart and mind.

"You're too chicken-hearted," Doris told her before they parted.

"Whenever you assert yourself with David he carries on and acts abused. He works on your sympathy, honey, and you usually weaken and let him have his way."

They spent an hour discussing the pros and cons. Finally Flossie rose to go. She had unbundled herself and felt better. Yet the task that faced her seemed in no wise lighter. It was her duty she knew, to put it up to David squarely, to sit down and talk it over with him, to make him see her point of view, to convince him it was better for them both.

"You're too chicken-hearted," Doris told her before they parted.

"Whenever you assert yourself with David he carries on and acts abused. He works on your sympathy, honey, and you usually weaken and let him have his way."

"You're too chicken-hearted," Doris told her before they parted.

8—The Desert Sun Palm Springs, Fri., July 6, 1951.

I Rise to Remark

By CONGRESSMAN JOHN PHILLIPS

The newspapers have reported the request of the government of Iran, that Mr. Truman act as peacemaker in the dispute over oil rights. My sympathies go to the President. When I got slugged the other day I was trying to straighten out a misunderstanding between the chairman of the committee on Appropriations, and the chairman of my subcommittee.

I am thinking of asking the Library of Congress to research the original documents of the Beatitudes and see if something was omitted in the King James Version. In addition to "Blessed are the peacemakers," there must have been something about keeping your guard up against a left hook!

THE TENSION in the committee on Appropriations is rising between those who want economy and those who only want to talk about economy. I wish it were rising as strongly among the people back in the grass roots.

At the beginning of the year we had an argument in the committee over the "package budget," which had been unsuccessful last year, and had delayed the appropriation bill getting to the President until September. The committee voted not to use a package bill again this session. Our chairman did not like this, and we were delayed almost two months getting going. As a result, no appropriation bills have gone to the White House.

TUESDAY AFTERNOON we were notified of a meeting, and when we arrived in committee room we found mimeographed copies of a proposed "Continuing Resolution" making it possible for the departments and agencies to keep going until the appropriation bills get through.

Not Stolen, Just on Lonesome Ride

This automobile stole itself, police say.

It belongs to Josephine Pavlich of the Palm Springs clinic and Sunday she told the police it had been stolen from its parking place.

They found it in the ditch at Alejo road and from indications believed that the brakes had been released and it had rolled down the street under its own momentum.

To Serve the Public...

Bank of America will remain open on Saturdays

For your accommodation Bank of America will continue to render banking service on Saturday.

This bank considers itself a public service institution, rendering service at such time and in such manner as the people determine best suits their needs.

Since Saturday is the busiest day of the week at our bank, it is apparent to us that many workers, farmers, small and large businessmen—and others—find it most advantageous to conduct their banking business on that day.

Young Villagers down by the sea

By Jovana Jones

Recreational facilities for the junior set are numerous at the sea shore. Both private clubs and municipal recreational centers have planned a full summer of activities specially for young people. At Balboa there is the Pike with ferris wheel, merry-go-rounds and boat rides. The dance pavilion is also located at Balboa, where every Friday, Saturday, and Sunday famous name bands play for dance enjoyment. At Costa Mesa there is a beautiful indoor roller rink, a favorite of youngsters as well as teenagers.

The Yacht Clubs hold special dances for their teen age members.

Vacation

Alas, No, Planners Meet All Summer

Alas, there's no summer vacation for city planners.

Charles Woodman, planning director, said the report that the city planning commission was going to take a rest between the last Wednesday in June and the last Wednesday in September was "slightly misleading."

Only item that is on vacation is public hearings, he said. These will be held only if an emergency arises and he can't think of one which could arise.

Planners will meet as usual, all summer, each second and fourth Wednesday of the month to consider planning affairs.

After September 26, hearings will be resumed, he said.

An Open Letter

The Printery

1742 no palm canyon drive ... in the center tel. 4-8 2053

June 26, 1951

TO THE PEOPLE
OF BEAUTIFUL
PALM SPRINGS

Dear Villager:

We at the Printery would like you to become acquainted with our staff, and today we are pleased to introduce Clar' E. Johnston, one of the owners of our local business.

Miss Johnston, who is in charge of The PRINTERY office and customer service, probably does not need an introduction to most of the business people of Palm Springs who have remained since May 1st, as she has been very busy supplying their printing needs. She plans to remain in the Village during the summer and will be happy to help you with your printing problems at all times. Just dial 2053 or drop in at our temporary office, 175 North Indian Avenue, and she will be glad to assist you with any kind of printing including artistic designs, photographic or special sketches for each individual requirement.

Having spent many winter seasons here while making her home in Coronado and San Francisco she is quite familiar with desert living. She and her mother recently moved into their new house, in the Thunderbird district, where they plan to make their home.

Miss Johnston is also a registered nurse and following this training she flew for several years with one of the major airlines. She was attending Northwestern University when she became interested in photographic art and this hobby grew when she joined the photographic staff of the Chicago Sun.

We at The PRINTERY feel this is most appropos in Palm Springs and we are happy to have such a qualified and expert artist in our organization.

Thanks again for the fine reception we have received in the Village and please feel free to call us for any printing need or problem. We will be happy to please you.

Yours for fine printing,

The Printery

let a in your printing... have it printed in springs

CLAR' E. JOHNSTON

From Page One—MORE ABOUT

THIS SIDE

fire truck. . . Here they are white. . . All fire plugs else-where are also red. . . Here, in the residential district, they are green. . . But Fire Chief Bill Leoncio says the green plugs are going to be repainted. . . Says they are nice in the day-time but hard to spot at night. . . So they are going to be a gaudy yellow. . . And will loom up in the night. . . Also in the daytime. . . Think the Los Angeles Times did us wrong last weekend. . . That story about those zany hats. . . Originat-ing there. . . They did not. . . Melba Bennett was wearing them long before they appeared elsewhere. . . But outsiders, dropping in for our celebrations saw them, liked them and there you are. . . Always stealing our stuff.

SPEAKING of trucks—as I did a few inches above—isn't there some sort of speed limit on them? . . . Ambling along at the legal, I hope, 55 the other day on Highway 99, there was a swoosh and a rattle and a bang and a big tanker and trailer zoomed by me. . . That guy couldn't have stopped in a half mile the way he was moving. . . And on the other extreme, one hay truck tried to pass another hay truck heading toward Cabazon. . . By the time it made it, there was a mile of honk-ing passenger cars trailing it. . . Aggravating. . . I hate to pass those hay trucks. . . They look so top-heavy and when I'm in the hay, I want to be asleep.

COMES A CARD from Dave Lyons of Saddle and Sirlon fame. . . Sometimes you get one, sometimes the other, there. . . He wrote from the Isle of Man. . . That day the spot was properly named. . . Roy Randolph writes in frequently, too. . . He's touring the south and most everywhere he goes, he finds his fame has preceded him. . . They all want to learn how to put their little foot forward. . . And Frank Partridge writes from the Holl House. . . That puzzled me. . . Because he wrote: "Met lots of Villagers here" and on the reverse was a picture of the local Doll House. . . Well, why wouldn't he? . . . Then I looked at the postmark. . . "Balboa." . . George and Ethel must be hoarding post cards.

THIS NEW LAW passed at Sacramento which bars tele-vision sets in autos except back of the back of the front seat was intended to keep the driver from being distracted by the pictures. . . But it will also keep him from being distracted in another way. . . People in the back seat won't be able to give him direc-tions. . . They'll be so busy looking at the pictures. . . Down in our neighborhood there must be a couple of guys who go fish-ing once a week and want to be at the ocean at dawn. . . About every Tuesday or Wednesday morning at 2 a. m. I am awakened by some tooting a horn in front of a nearby house. . . Why doesn't the lazy lug get out and push the doorbell?

WELL, next Friday is the 13th. . . So Mrs. G. is thinking up things with which to malign me. . . See you at the \$2 show win-dow. . . (Seilers).

"SACRAMENT" WILL BE CHRISTIAN SCIENCE THEME
The healing effects of prayer will be discussed in the Sunday Lesson-Sermon on "Sacrament" in all Christian Science churches. Jesus' words from John's Gospel (4:23) constitute the Golden Text: "The hour cometh, and now is, when the true worshippers shall worship the Father in spirit and in truth."
The prophet Isaiah writes, "Is not this the fast that I have chosen? to loose the bands of wickedness, to undo the heavy burdens, and to let the oppressed go free. . . ? Is it not to deal thy bread to the hungry, and that thou bring the poor that are cast out to thy house? . . . Then shall thy light break forth as the morning, and thine health shall spring forth speedily; and thy righteousness shall go before thee" (58:6-8).
In "Science and Health with Key to the Scriptures" Mary Baker Eddy says, "Whatever materializes worship hinders man's spiritual growth and keeps him from demonstrating his power over error." (p. 4).

Great Strides Reported by Loan Ass'n

W. H. Smith Says
Six Month Period
Shows 84% Gain

William H. Smith, president of the Coachella Valley Savings and Loan association, 262 North Palm Canyon drive released figures this week indicating an 84 per cent gain in resources from January 1 to June 30.

The association is keeping pace with the growth of Palm Springs and surrounding area and is assisting that growth in a very material way," he said.

ASSETS SHOW an increase of \$596,191 for the six month period with a total of \$1,296,909.

Greater acceptance of the loan association as an aid in financing of new construction is seen in the report that an all time high in loans were made for the first half of this year amounting to \$457,708.

"Most important of all," declared Smith, "the preponderance of loans made were for the construction of new homes in Palm Springs and vicinity.

HOME LOANS held at the end of June by the Coachella Valley Savings and Loan association amounted to \$995,522.

Indicating a healthy growth in the number of savings accounts with the association and the growing number of investment certificate holders, Smith announced that \$10,631 were paid these clients of his organization July 1.

These payments are computed at the rate of 3 per cent per annum which is the rate of interest paid on all savings placed with the association.

"Many improvements and additions have been made in the association's methods of accounting during the past year," said Smith. "Other improvement plans are in the making to take care of the flood of business expected during the next six months.

CAPITAL STOCK of the company was increased during the past year so that now capital and surplus is \$117,620.00 the record revealed. The undivided profits to date are \$11,312 or better than 10% on its capital stock.

"The board of directors are more than highly pleased with the support and patronage of the people living in and around Palm Springs," Smith said.

Autos Damaged, Occupants Unhurt

Two automobiles were damaged but four occupants were unhurt in a collision Saturday night in Highway 111.

One was driven by Frank Stone, 56, Los Angeles, who was rounding the curve from Palm Canyon drive into Highway 111 just as Libourne Goree, Jr., 22, U. S. N., was backing out of a parking space before the Palm House.

Neither saw the other until too late to avoid the crash.

Capt. Johnson Now Acting Police Chief

Capt. Orest Johnson of the Palm Springs police department is acting chief of police in the absence of Chief A. G. Kettmann who is on vacation and a honeymoon trip.

Rev. Fairweather Here on Sunday

"Christian Fellowship" will be the topic of the Rev. Paul Fairweather of Pasadena next Sunday morning at Community church. Rev. Fairweather is the first of several guest ministers who will occupy the pulpit of the church during the summer while Dr. James H. Blackstone Jr. is on vacation.

Services will be held throughout the summer with Sunday school classes meeting at the usual time, 9:45 a. m. and morning services at 11 a. m.

Evening services and other activities of the church have been discontinued until September.

Plaza Streets Closed to Cars to Keep it Legal

The Plaza was closed to traffic Wednesday.

Streets in the Plaza are private property and they are closed one day a year or they become public property and revert to the city.

The holiday was chosen as the day to meet the legal requirements as with stores closed and the post office taking a holiday, traffic was at its lowest ebb.

New P. O. Money Orders on Sale at Local Post Office

Postmaster R. M. Gorham this week announced receipt of the new-type postal money orders which went on sale at the local post office Monday.

He said the new form was much simpler and a greater accommodation to the public.

Hereafter, Gorham explained, money orders will not be drawn on a particular post office, but they may be cashed at any post office or bank without any collection fee. The same application forms will be used, he said, and money orders will be issued for any amount not exceeding \$100.

Twelve regional accounting offices have been established, one in each city where a Federal Reserve Bank is located. These offices will process the new forms, handling them with electrical sorting and accounting machines.

The accounting office for this area will be in San Francisco.

During the past year the nation's post offices issued more than 400,000,000 money orders for a total of more than \$5,000,000,000. The new system is expected to effect an operating saving of \$7,000,000.

Unless livestock owners intervene and act under a state law which requires counties to establish a dog control ordinance when 25 livestock owners ask for it, Riverside county is out of the dogpound business.

Supervisors last Friday completed abolishment of the dog control ordinance when they discontinued service in all parts of the county.

In April they fired the county poundmaster and three of his assistants. Last Friday they fired the remaining four men of the staff.

Protests of the county humane society were tabled by the board.

Hospital Position to Navy Doctor

Supervisors Monday appointed Rear Admiral Joseph McMullin, 64, San Diego, retired U. S. Navy physician, as administrator of the county general hospital. Dr. McMullin was recommended to the board by the county medical association.

He will take office August 1 at a salary of \$7200 annually. Dr. McMullin served 37 years with the navy and was in command at the hospital at Pearl Harbor during World War II. He will be the fifth administrator at the hospital since December, 1949.

New Fire Station to be Ready for Use Next Week

Fire Chief William Leonesio said that he hopes to have the new fire station at Sunrise way and Ramon road in operation some time next week.

Finishing touches are being put on the building and one of the fire trucks now stationed at the downtown office will be moved to the new location.

Chief Leonesio said he had not yet completed the new staff which will man the new station along with the present fire house but that it will be ready by the time it is opened.

New fire hydrants have been installed in the city to the number of 53 and are ready for service.

With the opening of the Sunrise way fire station, the added staff and the new hydrants, fire protection for the city will be at a high point.

Plans for coordination of alarms and assignments for the two stations have been worked out by the chief.

Argument Costs Montgomery \$25

An argument on the reservation last weekend cost Charles Montgomery of the Village \$25 Monday. He paid that amount in Judge E. E. Theriault's court on a peace disturbance charge.
